

SPECIAL PROPOSAL FOR SEASON 2021-2022:

This season we will have a very special proposal for our guests in Antares.

This includes making some changes in our regular services, aiming to preserve the health of both clients and employees.

- ANTARES offers a unique contact with nature. On top of this, each suite has individual access, there are no elevators or common areas, what makes it easier to maintain social distance.

- To preserve the health of our guests and minimize the amount of people that go around ANTARES, the restaurant at the front of the hotel will remain closed this season. However, guests will be able to enjoy best in class lunches and dinners at the restaurant located at the back of the hotel (within ANTARES premises), facing the main road. In addition, we offer guests the possibility of enjoying private meals using the renovated kitchen of the Deluxe and Antares Family suites.

- In order to make our clients' experience more enjoyable, we have decided to open the bar at the front of the hotel, offering our clients the possibility of having a drink in front of the sea. This will be open as from December 20th.

- Also, and as from December 1st, customers will be able to enjoy a delicious buffet breakfast in the hotel restaurant lounge.

- We will offer our usual beach service again from December 1st, in order to provide all our clients with the best Lagoinha beach experience.

- In addition to the playground and the kid's club, this year we will offer a special recreation service, starting December 20th. Unforgettable afternoons await children at Antares with the new trampolines, inflatables castles, ping pong tables, video games, and more!

All these measures show ANTARES' commitment in preserving the health of our guests and staff.

We look forward to seeing you at Antares this season!

"Located in front of the Lagoinha beach, the Antares hotel combines the natural charm of an incredible landscape and the calm of the sea. An open structure, with individual cabins, no elevators or crowder areas, make Antares the dream place to enjoy your vacations "
